

Make the 50s your best decade yet with:

- Blood Pressure Check (Every two years)
- Blood Sugar Test (Talk with your doctor if you are at risk for diabetes.)
- Mammogram (Every one to two years)
- Clinical Breast Exams (Every year). In addition, regular breast self-exams are also an important option.
- Cholesterol Check (Every five years)
- Colorectal Cancer Screening as recommended by your physician
- Heart Examination (Five times in your 50s – every two years)
- Pap Smear and Pelvic Exam (Every one to three years, an HPV DNA test per your physician recommendation)
- Skin (Mole) Exam (Do a monthly self-exam for any changes or have regular skin checks by a doctor if you have already had skin cancer.)
